London, United Kingdom

christos@bauherren.ovh • bauherr.ovh/christos • 07918793577

Actively seeking apprenticeships in tech industries. Interested in software efficacy, with an ambition to excel

Software Skills

Go, Python, Shell, AWK, HTML/CSS, PostScript, LaTeX,
Linux/OpenBSD server administration, Git, apache2/nginx/httpd,

Experience

WebDev & Sys. Admin | jpnuk.org.uk • gaipcht.org '23 - present
Responsible for managing a human-rights organization website

- Added in-browser website management and user accounts, using Shell and UNIX user groups allowing all org. members to upload/manage web content
- Managed/created email servers using postfix and dovecot
- Used Debian 12 and a Vultr VPS

Education

LAE (Stratford) | A-Level '21 - 23

- (B, B, B), Economics, Eng. Lit., Geography

St. Paul's Way Trust | GCSE

- (8, 9, 9, 9, 9, 9, 8), Math, Triple-Science, Eng. Lit, Eng. Lang, Geography, R.E, Comp. Sci

Projects

cork bauherren.ovh/s/cork
Performant static site generator in shell

- Easily manages static elements such as directory listing through sidebars, using simple shell scripts
- Leverages the Plan9 RC shell and core-utils as opposed to GNU, for performance

bq bauherren.ovh/s/cork
configurable line-oriented editor in Go

- Ergonomic text editing focused on fewest operations
- Easily add custom commands/extensibility in any language

werc apps bauherren.ovh/s/werc-apps
I wrote external apps, for 'werc' a website manager written in Plan9 shell

- searchbar, written in Go, that prints alongside links the line occurrence
